DETAILED ACTION

Election/Restriction

1. Newly submitted claim 11 is directed to an invention that is independent or distinct from the invention originally claimed for the following reason: It is a method for manufacturing a semiconductor.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 11 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1-10 are rejected under 35 U.S.C. 102(b) as being anticipated by McHugh et al.

McHugh discloses a polishing apparatus comprising: a dressing tool (3) having diamond hard grain, a first moving means (1), a second moving means (2), and a control means (column 5,

Art Unit: 3723

lines 21-22) having detection means (column 3, lines 31-37) and setting means (column 3, lines 47-51).

Response to Arguments

4. Applicant's arguments filed August 3, 2001 have been fully considered but they are not persuasive. Applicant argues that McHugh does not perform the function of the first moving means. The examiner disagrees because the grinding wheel rotates on its axis of rotation which is in a plane horizontal to the grinding surface of the grinding wheel and therefore meeting the limitation of the first moving means.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 3723

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
